No. 4191-A-27 Encl. Office of the Collector,
Civil and Military Station, Bangalore.
Dated 2nd Septr., 1927.

From

T. B. Russell, Esquire, I. C. S.,
Collector, C & M Station, Bangalore.

To

The Secretary to the Resident
in Mysore, Bangalore.

Sir,

Shoeing Forge at the Tasker Veterinary Hospita
Opening of.

866 X
6.9.27

--:oOo:--

The question of opening a Shoeing Forge at the Tasker Veterinary Hospital was under the consideration of the Municipal Commission in 1926. The Standing - Committee was not at first in favour of the proposal on the ground that it might be regarded as an unfair interference by the Municipality with private enterprise. On further consideration, and as the Southern Division Rate Payers' Association, the Local S. P. C. A., and the Bangalore Trades Association were ~~keen on~~ in favour of the opening of a Forge, the Standing Committee recommended the opening of a Forge as an adjunct to the Hospital and enquiries were made to get a suitable farrier on a salary of Rs. 40 to 60. The proposal was, however, withdrawn at a meeting of the Municipal Commission held on 25-2-192 as the Hospital was to be transferred to the Collector, Civil and Military Station, Bangalore, from 1-4-1927.

2. There is no doubt that a Forge at the Hospital will increase its efficiency and popularity. It should ensure correct shoeing and save many an animal from the

part of the Hospital and I consider that a Forge under the supervision of the Veterinary Superintendent would be a valuable adjunct to the Hospital. I enclose a copy of the scheme drawn up by the Veterinary Superintendent from which it will be seen that the proposal involves an initial expenditure of Rs. 2000/- and a recurring monthly expenditure of Rs. 150/-. The Forge, if opened, is in the long run likely to be self supporting. The Veterinary Superintendent anticipates that it might eventually bring in a net revenue of about 300 to 400 rupees a year.

3. It will not be possible to meet the expenditure from the Rs. 8,100/- provided under "Veterinary Charges" in the current year's budget; and it is too early in the year to foresee whether reappropriation from some other head is possible. I therefore request that the scheme be accepted in principle now and that I be informed if and when funds are likely to be available to give effect to it.

I have the honour to be,

Sir,

Your most obedient servant,

C o l l e

AVR. 2.9.27

The construction of a forge on a modest scale with a minimum cost, to be equipped and run on modern scientific requirements could entail in a capital expenditur of about Rs. 2,000/- and a monthly recurring expenditur about Rs. 150/-. The details are as follows:-

Capital Expenditure.

(1)	An open shed 15' x 20' with concrete and non-slipping floor to accommodate 4 animals to stand about	Rs. 600/-
(2)	A room 10' x 15' attached to the Forge for keeping forge accessories.	" 350/-
(3)	Sundry expenses such as platform, chimney with a fire place, guarded with iron sheets etc.	" 450/-
(4)	Forge accessories.	" 600/-
		2000

Recurring Expenditure.

	Staff and salaries.	
Farrier.	Rs. 60 per mensem.	" 60/-
Do Assistant	20 " "	" 20/-
Hammer man	15 " "	" 15/-
Bellow boy	5 " "	" 5/-
Coal and iron	50	" 50/-
	Total ...	Rs. 150/-

Iron and coal will have to be purchased locally and the cost will depend upon the then prevailing market rates and upon the number of animals brought for shoeing. Approximately I cwt. of iron will suffice for about 5 dozens of shoes and would cost about Rs. 10 or 11/-. Three kinds of nails are required for the purpose and the sizes are 5, 4 and 3 each box of 8 lbs costs Rs. 8/- The cost of coal is Rs. 25/- for 1 ton and the probable consumption per mensem would be ½ a ton which will suffice for 70 to 100 horses.

The prevailing rate of shoeing at private forges in

ngalore are as noted below:-

Waler over 14.2		Rs. 2-8-0
Arabs, C.B	over 13 and 14.2	" 2-0-0
		" 1-8-0.
	As 12 &o Re.	1-0-0

It may be possible to reduce the above charge
d fix more reasonable rates to suit all classes of
rse owners after some experiance has been gained in
rking the forge.

The scheme may be given effect to and worked
r a year to note the results as to its future con-
nuance or otherwise.

Sd/ M. R. Chengeri,
VETERINARY SUPERINTENDEN

Enclosures

To

The Secretary to the Hon'ble the Resident,

Bangalore.

Sir,

S.163 With reference to your memorandum No.10478 dated the 1 October 1927, regarding the opening of a shoeing forge at the Tasker Veterinary Hospital, Bangalore, I have the honour to s that as the expenditure proposed relates to a "new service",(copy of Auditor General's letter No.1152 Admn.17-1-24 dated th 18th September 1925, enclosed), the proposal has to receive the approval of the Government of ~~xxx~~ India and funds specially provided for by them.

2. As there is no indication of the probable monthly deme for expert shoeing, it cannot be estimated when the forge, if opened, can begin to cover its working expenses. The shoe forge attached to the Veterinary College, Madras, is ~~xxx~~ on commercial principles under rule VI of Appendix 6 to the Civil Acc Code, Volume I.

I have the honour to be,
Sir
Your most obedient servant

Pay and Account Office
BANGALORE.

..-24 dated

the 18th September 1925, from the Auditor General, Delhi, to t Accountant General, Madras.

Subject:- Interpretation of the term "new service not contempl in the budget".

With reference to your letter No.A.A.61-2-180 dated the 21st August 1925, on the above mentioned subject, I have the honour to state that in the opinion of the Auditor General the primary test of"newness" of a service is whether or not the Legislature has voted expenditure of a similar nature in past years. In some cases, however, expenditure on recognised services may from its extent be important enough to be regarded a a new service, e.g., the opening of a new police station or sch

The Hon'ble Mr. S. S. Peard, C.S.I., C.I.E.,
Resident in Mysore.

To

The Political Secretary to the Government of India,
Foreign and Political Department

Dated Bangalore 4th November 1927.

OPENING OF A SHOEING FORGE AT THE GOVERNMENT VETERINARY HOSPITAL, BANGALORE.

Sir

to invite a reference to paragraph 2(4) our Memorandum No.140-A., dated the 26th January 1927, according sanction, with effect from the 1st April 1927, to the transfer of control of the Veterinary Hospital from the Bangalore Municipal Commission to the Government of India.

2. The question of opening a Shoeing Forge at the Veterinary Hospital was under the consideration of the Municipal Commission in 1926 when the Hospital was under their control. The Standing Committee of the Commission was not at first in favour of the proposal on the ground that it might be regarded as an unfair interference by the Municipality with private enterprise. On further consideration, and as the Southern Division Rate Payers' Association, the Local Society for the Prevention of Cruelty to Animals and the Bangalore Trades Association were in favour of the proposal, the Standing Committee recommended the opening of a Forge as an adjunct to the Hospital. The proposal was, however, withdrawn at a meeting of the Municipal Commission held on the 25th February 1927 as the Hospital was to be transferred to the Collector, Civil and Military Station, Bangalore, from the 1st April 1927.

3. The Collector, Civil and Military Station, Bangalore, considers that a Forge at the Hospital will increase its

efficiency

efficiency and popularity. It should ensure correct shoeing and save many animals from the evil effects of bad shoeing by unqualified farriers. In all Presidency Veterinary institutions, a Forge is said to form part of the Hospital. The following proposals have therefore been framed involving an initial expendit of Rs.2,000/- and a recurring monthly expenditure of Rs.150/-:-

Capital expenditure.	Approximate cost. Rs.
(1) An open shed 15' x 20' with concrete and non-slipping floor to accommodate 4 animals to stand about.	600
(2) A room 10' x 15' attached to the Forge for keeping forge accessories.	350
(3) Sundry expenses such as platform, chimney with a fire place, guarded with iron sheets etc.	450
(4) Forge accessories.	600
	2,000

Recurring expenditure.

Contingencies. Staff and salaries.		
(1) Menial charges.		
Farrier at Rs.60/- per mensem.	..	60
-do- Assistant at Rs.20/- per mensem.		20
Hammerman at Rs.15/- per mensem.	..	15
Bellows boy " 5/- -do-	..	5
		100
(2) Miscellaneous - (Coal and iron).	..	50
	Total.	150 per mens

or Rs.1,800/- per annum.

The Forge, if opened, is in the long run likely to be self supporting. The Veterinary Superintendent anticipates that it might eventually bring in a net revenue of about 300/- to 400/-rup a year.

4. The Pay and Accounts Officer who was consulted in the matter is of opinion that as the expenditure proposed relates to a "new service" the approval of the Government of India is necessary. A copy of his letter Ref. No. P.B.2555, dated the 20th October 1920 is enclosed.

5. It is proposed to meet the capital expenditure of Rs.2,0 from the accumulated Assigned Tract share of surplus revenues a the recurring expenditure of Rs.1,800/- from the current revenue of the Assigned Tract for 1928-29. I recommend that the Gover ment of India may be pleased to sanction the proposal with effe from the 1st March 1928. The establishment will be non-pensio able and the Forge, if sanctioned, will be run on commercial principles under rule VI of Appendix 6 to the Civil Account Cod Volume I as in Madras.

6. Necessary provision has been made under Part II-B-Fresh charges of the Assigned Tract budget estimates for 1928-29.

I have the honour to be,

Sir,

Your most obedient servant,

Sd/ A. Ian Parsons

The Secretary to the Hon'ble the
Resident in Mysore, BANGALORE.

Sir,

I have the honour to invite a reference to your memo No. 12421/203-1912, dated 9-12-1927, communicating the sanction of the Government of India to the opening of a Shoeing forge at the Government Veterinary Hospital, Bangalore, from 1-3-1928 and to state that the Government of India, Finance Department, have asked me to include necessary provision of funds only in the budget estimates for 1928-29. No expenditure on account of the shoeing forge can therefore be incurred in the current year unless/with the special sanction of the Government of India.

I would therefore request that you will be so good as to state whether any expenditure is likely to be incurred and charged in the accounts for March 1928 on the above account and, if so, to obtain the sanction of Government of India to the proposed expenditure.

An early reply is requested.
